

	Model	Source	Notes
<b>Heroes</b>			
Warbringer (Troll)	Done	Norinrad	Permission granted by Norinrad to edit this model (models have not yet been merged).
Warbringer (Mount)	N/A	Dragonspawn	Models have not yet been merged.
Medicine Mon	Done	Beta WC3 SH	
Headshrinker	Done	OH Team	
Viper Priestess	Done	Jigrael	
<b>Units</b>			
Groundling	Done	[D]	
Hunter	None		Note: Needs crawl animations, so this one will almost definitely need to be custom-built...
Ravager	Done	Jigrael	
Mangonel	N/A	Catapult	Note: Possible alternative model by Mechanical Man on Hive
Dartmon	Unfin.	[D]	Will ask Weazel about following up on this.
Potion Doc	None		Note: Might be able to use one of Lord_T's creations, though they tend to be sub-par. Maybe one of the "unique" campaign or beta wc3 trolls, reskinned?
Hexxer (Troll)	Req. (edit)	Metal_Sonic64	Note: Metal_Sonic64 hasn't logged in since mid-2007, so I don't expect we'll hear from him; I shot him a PM on both wc3c and Hive anyway, but it's probably safe to assume he doesn't really care anymore. Peppers' thread on wc3c indicates that it's generally acceptable to go ahead with edits and make note of this in credits.
Hexxer (Mount)	N/A	Spider	Models have not yet been merged
Tiki Warrior	Done	Rightfield + TToR Group	
Marauder (Troll)	Done	levigeorge1716	Permission granted by levigeorge to edit this model (models have not yet been merged).
Marauder (Mount)	Done	Cavman	Permission granted by Cavman to edit this model (models have not yet been merged).
Basilisk	Done	Tijil + OH Group	
Bombatier	N/A	Bat Rider	
Vampire Bat	Done	GreyArchon	
<b>Structures</b>			
Grisly Message	Done	deolrin	
-> Lurid Warning	Done	deolrin	
--> Gruesome Testament	Done	deolrin	
Boar Hut	N/A	Pig Farm	Will most likely have to trigger or model-edit Orc Burrow animations.
Altar of Blood	Done	deolrin	Note: deolrin kicks @\$\$
Ritual Circle	N/A	Ward	Might change the name/model of this one, since neither seems to fit at the moment. Also, lack of build animation for the Ward is suck. Askhati had a great idea for how this should look; if a modeler's willing, huzzah!
Whittler	Done	Blizzard's beta warmill	

Sentry Post	None	deolrin	When I presented the idea to deolrin, he was like, "...That's what the Jungle Bungalow is." So either a new idea for the Bungalow (and extra vertices/animations to make the current one upgradeable to Tiki Tower/Jungle) or a fresh concept for this building set is needed.
-> Tiki Tower	???		
-> Jungle?	???		Eh, really don't like this structure's name, and judging by the question mark neither did Kyrbi0. Needs something that implies <b>overgrowth</b> . Except I don't think "Overgrown ____" does it. :<
Training Log	Done	deolrin	
Mojo Tent	None		Based on Voodoo Lounge, though it needs something to set it apart. A skin that makes it look different enough would probably suffice, though. Other thoughts: Flag attachment? Wards? Runes?
Hunting Lodge	N/A	Draenei Hut	
Jungle Bungalow	Done	deolrin	As noted above, model may be given to Sentry Post; either way, one more building model is needed.
